

BLUESTAR 60" RNB SERIES

With over 125 years of experience making cooking equipment, and as the leading manufacturer of high-performance commercial-style ranges for the home, it is no surprise that BLUESTAR makes the finest residential ranges available. The unparalleled accuracy of gas surface cooking and the versatility found in the baking and roasting qualities of our convection oven make this an unsurpassed addition to every cook's favorite room in the house. Heavy-duty construction combined with innovative features produce an appliance of uncompromising durability, functionality, and beauty that will be the focal point of your kitchen for years to come!

BlueStar 60" RNB Series

- The most powerful burner available. 22,000 BTUs.
- Both ovens accommodate a full-size commercial size 18" x 26" baking sheet.
- 24" depth for compatibility with standard kitchen cabinetry.

Model RNB606GCBSS shown at right with optional 8" backguard.

NOVA™, ULTRANOVA™ and Simmer Burners

Our cast iron porcelain-enameled NOVA™ and ULTRANOVA™ top burners are the most versatile burners in the industry. The NOVA™ burner provides up to 15,000 BTUs of cooking power. For that extra boost, the ULTRANOVA™ delivers an amazing 22,000 BTUs; a rapid boil or superior sauté is never a problem! When using our gentle 130°F simmer burner, delicate sauces and soups are made simple with superior temperature control and flame disbursement.

Convection Oven Cooking

The cavity design of the oven and the convection fan system result in the most complete exchange of air possible. This provides incredibly precise, even heat distribution. Both ovens have the largest capacity available on a 60" range and will accommodate a commercial-size 18" x 26" baking sheet.

Infrared Broiler

Because of its popularity in the commercial market, the direct-fired ceramic infrared broiler is standard on all residential ranges. The large burner produces 1850°F of intense, searing heat close to the burner, while effecting a gentler broiling for foods placed farther away. The broiler is fully recessed into the oven's top to create maximum cooking space.

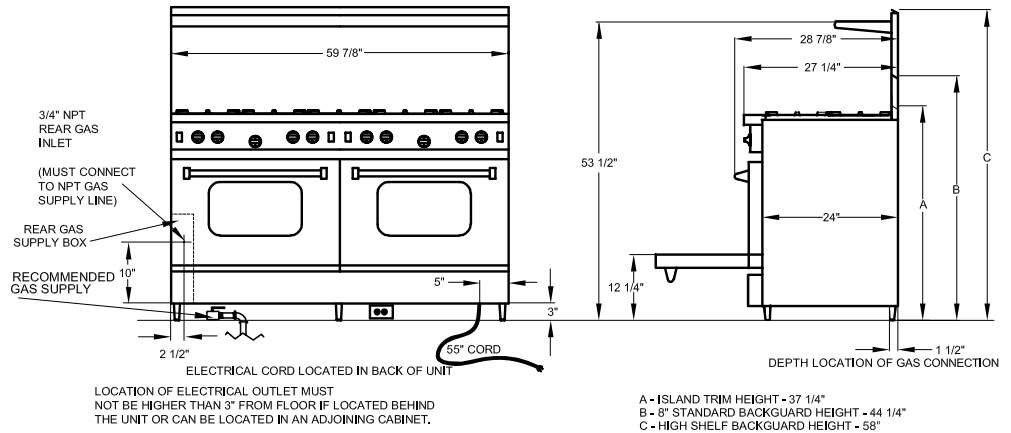

Full Motion Grates

Bring sauce to a boil while stirring on a front burner, then slide it to the rear to simmer while you sauté up front! Our full motion grates allow you to easily reposition pots and pans from front to rear burners without lifting. The grates are also oversized to accommodate the largest stock pots and sauté pans.

BLUESTAR 60" RNB SERIES

Standard Features

- Heavy-duty, commercial stainless steel construction.
- Automatic electronic ignition and re-ignition system.
- Interior oven light.
- Convection system.
- Ceramic infra-red broiler.
