THE EXPERTS IN ROOM AIR CONDITIONING

Kühl® | Kühl®+

ULTRA PREMIUM ROOM AIR CONDITIONERS

Wi-Fi
ENABLED

Commercial grade durability and more ways to save energy than any other room air conditioner.

Superior construction

Kühl incorporates high-end materials like heavy-gauge galvanized steel, rifled copper tubing, and high-tech aluminum fins.

Kühl also uses the most durable components to extend the life of your air conditioner, including fully-enclosed fan motors that seal out dirt, and powerful, energy-efficient compressors, which make it as tough an air conditioner as we've ever built.

Quiet by design

Kühl has been engineered for quiet operation. Component materials have been chosen because of their sound-absorption properties and every moving part has been braced and insulated.

Extra thick rubber grommets absorb vibration and reduce noise inside, while steel inner walls and extra dense insulation block outdoor noise.

Rugged hardboard side panels help reduce noise and keep out light. The unique air path is more streamlined, drawing air through the sides, away from moving parts. Our larger discharge vents allow for smoother airflow, delivering maximum conditioned air quietly.

Wi-Fi control

With the FriedrichLink® Wi-Fi accessory you can remotely set programs, adjust temperatures and turn units off and on.

- Control Kühl with a smartphone, tablet or computer
- Monitor and control one or multiple units remotely
- Connect Kühl* to a Building Management System
- Kühl* is Smart Grid capable

FriedrichLink®

*Wireless thermostat and Building Management Systems are not compatible with Kühl SQ and EQ models.

FITS WINDOWS FROM
22" TO 42" WIDE

SQ AND EQ MODELS

FITS WINDOWS FROM
27 3/8" TO 42" WIDE

Features

Comfort & Convenience

- 2 ready-to-go, 7-day energy management programs
- Create customizable, 7-day schedules (requires accessory, sold separately)
- 24-hour timer
- Up to 4 cooling and 4 fan-only speeds on select models†
- Auto fan adjusts the fan speed to maintain the set temperature
- Auto-changeover between cooling and heating modes (Kühl+ models except EQ08)
- Auto restart
- 8-way air flow control for better air distribution
- Control panel lockout (ON/OFF)

Reduced Sound Levels

- Steel inner wall and extra dense insulation materials block outdoor noise
- Vibration isolating design and components reduce operating noise
- Precision engineering delivers maximum air flow and air dispersion at low sound levels

Superior Filtration

- Superior fresh air intake and stale air exhaust vent*
- Washable, antimicrobial air filter
- Check filter reminder
- Optional carbon filter absorbs odors and reduces ozone and VOCs
- Hinged door allows easy filter access for easier maintenance

Durable

- Robust 20 gauge steel cabinet
- Solid-sleeve top keeps out falling debris*
- Solid-steel blower housing offers enhanced protection
- Totally enclosed commercial grade fan motor runs at a lower temperature to prevent overheating and is double-mounted for added stability and reduced wear
- Durable base pan and steel inner walls
- Aluminum end plates will not contribute to rust-stained building exteriors
- Scratch-resistant cabinet
- High-tech aluminum fins with rifled copper tubing are more efficient and less prone to corrosion

Installation

- Install in a window or thru-the-wall
- Slideout chassis for more permanent installation and easier access for maintenance
- Includes heavy duty window installation hardware (optional accessory on Kühl+ models sold separately)
- Rugged hardboard side panels for a more permanent installation (heavy duty side curtains on SQ and EQ models)
- Power cord can run either left or right
- Firm grip handles for easier chassis installation and removal
- Front cover attaches easily and securely. Nut driver included**.

Earth Friendly

- Smart Grid capable
- ENERGY STAR® qualified models, including heat pumps
- Environmentally-friendly R-410A refrigerant used in all models
- Recyclable packaging
- RoHS compliant

Safety & Security

- EntryGard™ anti-intrusion protection secures the chassis to the sleeve to deter 'kick-in' intrusion
- Powercord leakage current protected
- Insect barrier*
- Aluminum rear grille protects the outdoor coil from debris and vandalism

SLEEVE SIZES HAVE REMAINED UNCHANGED FOR OVER 30 YEARS

ULTRA PREMIUM LCD REMOTE

Select MODE, FAN SPEED, MONEY SAVER®, AUTO AIR SWEEP*, adjust TEMPERATURE and set the TIMER.

* Feature not available on Kühl SQ and EQ models. **Nut driver not required for Kühl SQ and EQ models.

†Kühl SQ and SL models have 3 fan speeds. Kühl+ models have 3 fan speeds cooling and heating.

Accessories

FriedrichLink® Wi-Fi Adapter

Connects to unit to allow for remote wireless access and programming from a computer, tablet or mobile device.

Model	Kit No.
N Series	KWIFI

Premium Carbon Filters

Remove odors and VOCs (volatile organic compounds). Achieve up to a MERV 6 rating when used with standard filter. 3 pack

Model	Kit No.
SQ and EQ	KWCFQ
SS, ES and YS	KWCF5
SM, EM and YM	KWCFM
SL, EL and YL	KWCFL

Window Mounting Kits: Kühl+

Heavy duty kits required for installation of these Kühl+ models in a window.

Heat/Cool Models	Kit No.
EQ08N11C*	KWIKQA
ES12N33B, YS10N10B and YS12N33B.	KWIKSA
EM18N34A and YM18N34B.	KWIKMA
EL24N35, EL36N35B and YL24N35B.	KWIKLA

*EQ08N11C window kit KWIKQA does not include window brackets.

KWIKQA

KWIKSA, KWIKMA, KWIKLA

Wireless Thermostat- KWW

One thermostat can control up to 8 Kühl units. Additional units require 1 KCM communication module per unit. KWW Thermostat ships with 1 KCM Communication Module.

*Not compatible with Kühl SQ and EQ models.

Communication Module- KCM

Communicates with KWW thermostat or building management system.

*Not compatible with Kühl SQ and EQ models.

Colored Front Covers

Colored front cover kits available. Neutral Gray is standard.

Deep Red shown

*Limited availability. Manufactured prior to 6-01-2014.

** YS10N10B heat pump operates on 115 volt and IS NOT equipped with supplemental heat. Will not provide heat at temperatures below 40°F. Friedrich room air conditioners are designed to operate in outdoor temperatures from 60° F to 115° F.

Kühl+ Heat Pump heating information (shown in red) indicates heat pump performance. Kühl+ Electric Heat heating information (shown in red) indicates electric heat strip performance. For Kühl+ Heat Pump electric heating performance refer to corresponding Kühl+ Electric Heat model.

As an ENERGY STAR® partner, Friedrich Air Conditioning Co. has determined that the selected ENERGY STAR® models meet the ENERGY STAR® guidelines for energy efficiency.

The consumer- through the AHAM Room Air Conditioner Certification Program- can be certain that the AHAM Certification Seal accurately states the unit's cooling and heating capacity rating, the amperes and the energy efficiency ratio.

Your energy costs will depend on your utility rates and use. The estimated energy cost is based on a national average electricity cost of \$.12 per kWh. For more information, visit www.ftc.gov/energy.

Due to continuing research in new energy-saving technology, specifications are subject to change without notice.
