- Configuration  
- Arm  
- Turned or Tapered Leg  
- Leather or Fabric  
- Double-Needle or Welt  
- Nail Head Trim *(where available)*  
- Finish

All pieces in the program are designed with engineered hardwood frame construction, featuring a bench-made eight way hand-tied spring system. The seating consists of a blend-down cushion that provides optimum seating comfort. Each piece features loose back cushions that are firmly secured with Velcro which allows the backs to be removed and fluffed for continued comfort and appeal. All of the styles are available in over 150 premium, select leathers, leather & fabric combinations, or all fabric.

All styles offer multiple configurations. Line drawings and dimensions of the various pieces available in the collection are shown on the back page. The full range of components allow for a wide variety of configurations, thus providing the ability to fit in almost any scale of room. In addition, each style has a conversation sofa, large sofa, medium sofa, ottoman, nesting ottoman and a correlating recliner.
