

LF500B

720P HD LED TV

32"

* Class size: See below for details.

KEY FEATURES

720p HD

60Hz

3 HDMI

ENERGY STAR® Qualified

PRODUCT HIGHLIGHTS

LED

LED uses tiny, energy-efficient light-emitting diodes to illuminate the picture. The new standard in HDTVs, LED is superior to older CCFL technology, making slimmer televisions possible, with amazing brightness, clarity and color detail.

Triple XD Engine

LG's exceptional picture quality is further enhanced by the Triple XD Engine, which processes images with even greater precision. The latest Triple XD Engine enables more natural color expression, deeper contrast and more refined motion so that viewers can enjoy a more lifelike picture.

Smart Energy Saving

This valuable feature includes a backlight control to adjust the brightness, a screen-off function that turns the screen off to play audio only, and the Standby Mode Zero function that allows the TV to effectively hibernate, using zero electricity.

PRODUCT FEATURES

PICTURE QUALITY	
720p HD (1366 x 768)	•
Refresh Rate	60Hz
Just Scan (1:1 Pixel Matching)	•
Real Cinema 24p	•
AUDIO
